

May 23, 2011

First I would like to say it has been a privilege to be your child's teacher for the last 16 weeks. During that time I have been overwhelmed by your support and have been completely amazed by the growth your children have made. I am so pleased that I will have a chance to see you children grow throughout the years as their new art teacher.

This will be the **last week** for homework and the reading envelope. Please be sure to return any books you may still have at home and have the red folder and “white reading envelope” returned to school by Thursday, May 26th (my last day).

Since I have been your children teacher for the last trimester, I will be doing the report cards. Mrs. A. and I felt it was best that I assess them.

Please continue to bring in items for the “*New Life Animal Shelter*”. The bucket for donations is in front of our classroom.

A special highlight this week will be in the area of math.

This week we will be practicing the use of money and learning what a fraction is. Our study will surround PIZZA. We will be going on a in-class shopping trip and will be purchasing the ingredients needed to make a pizza.

On Thursday afternoon the children will be making their own pizza and having it for an afternoon snack. Please bring a lunch for your child that day as the pizza we will be making will not be more than a late afternoon snack.

For this activity to go off without a hitch I will need a few parent volunteers that can come help with the cooking. I have included a sign up sheet on the white board to let you know what supplies I will need to make the activity work.

Thanks again for all of your support over the past 16 week. I am truly blessed to be a part of the St. Agatha team of teachers and parents.

Sincerely,

Mrs. Christine Taylor
